

# Did You Know: Heart disease is the leading cause of death in women.\*

## WomenHeart Champion Alethea Chapman

Come hear Alethea's personal story and the lifesaving information she will share for women - and the men who care about them!

Ms. Chapman is one of 27 WomenHeart Champions throughout the state of Georgia. She is a heart disease survivor trained to educate, advocate, and support her community on the issue of women and heart disease.

Don't miss any information that could save the life of a woman you love!

***Don't become a statistic.***

\* In Georgia, women die of heart disease at a rate of 387/100,000. That's 9% higher than the national average!
